I hope this letter finds everyone safe, healthy and happy. This event will go down in the history books. Our industry here in the Oil and Gas will be hugely affected for the next few months with the price to be predicted very low.

Regional Meeting has been cancelled due to the Covid-19. We have a unique region, as our region has both the Canada and USA border in it. With the restrictions of travel, it was not possible for me and 2 other club presidents from Canada to travel.

We have added clubs' websites to the ADDC website. If you have not given me the contact in your club, please do. Under club news, you can send in your club bulletins to be posted there. We currently only have 1 club who has done this.

There is only one bylaw amendment for consideration this year. Once we have official wording from the Rules Committee, I will forward it to you.

Highlights from the Budget and Planning Meeting will be posted on the website shortly. Once received, I will pass them on to club presidents.

Convention in September is being discussed and at present is still a go. We are waiting to see how the pandemic progresses in the next few months before making a decision about the meeting. The decision will be based on the risks related to Covid-19, continued travel restrictions and health and government restrictions. Please know your safety and health is our primary concern.

Please take time to read the letter that has gone out to membership, dated March 23, 2020 from Keith.

Please stay safe!

Christina Forth  
West Region Director
