ASSOCIATION DIRECTIVES

ABOUT ADDC

(Association of Desk and Derrick Clubs)

ADDc is the energy industry association that brings everyone together to build better careers, companies and communities.

Membership is open to those employed in or affiliated with the petroleum, energy, and allied industries as well as individuals interested in increasing their knowledge about these industries, who can benefit from broad-based, cross-functional training.

MOTTO

Greater Knowledge - Greater Service

Adopted in 1957

PURPOSE

To promote the education and professional development of individuals employed in or affiliated with the petroleum, energy, and allied industries, and to educate the general public about these industries as well as the companies and global communities the members serve.

Adopted in 1987; Amended in 2015

MISSION STATEMENT

To enhance and foster a positive image to the global community by promoting the contribution of the petroleum, energy, and allied industries through education by using all resources available.

Adopted in 1957

VALUES

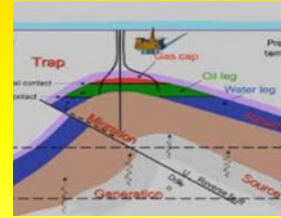

Integrity / Accountability

Leadership

Professionalism

Teamwork

Adopted in 2015

NEXT MONTH

- December 02 Board Meeting
03 Club Meeting
No Brown Bag due to Christmas Holiday

MONTHLY CLUB INFORMATION

CLUB PRESIDENT'S LETTER

PUMP IT UP TO THE NEXT LEVEL! 2021.

Happy November!

The next two months are going to be, for many of us, the two most busiest months of the year. The hustle and bustle of the holiday season is finally here! We will spend time hopping from one holiday party to another, spending time with family and close friends, and making new holiday memories.

When I think of the holidays, I think of tradition. I think of gathering at my Grandparents house, eating a home cooked meal around the dining room table, and then heading out with my Mom on our great Black Friday shopping adventure. Tradition is important, not only at the holidays, but thought-out life. I believe in respecting tradition, but I also believe in moving things forward.

At the October Desk and Derrick Club meeting I felt we were stuck between tradition and the future of the club. Many things were said, many ideas were brought up for change, and many stood their ground firm in the tradition of the club. I have thought long and hard about that October Club Meeting. The only thing that I have come to decide is that there must be a happy medium. We need to move this club forward out of respect of the tradition and to ensure that the Desk and Derrick Club of Midland stays intact.

Moving the club forward will take all of us working together. Not every new idea will be the best idea. In the same light, doing things the way we have always done them in the past will not move the club forward either. I truly believe the key to moving the club forward is respect; respect for both the new ideas as well as respect for the traditions of the club. Most important, respect for your fellow club member.

I am thankful for each of you! I wish you and your family this best holiday season!

Cheers ,

Marnee

PHOTOGRAPH SUBMISSION FOR AIMEE AWARDS 2022

Golfing for Black Gold taken by Jamye Ball

A NOTE FROM YOUR EDITOR

The end of the year is almost here! Since I will be Region Director in 2022, **I will be looking for someone to volunteer to be Bulletin Chairman next year.** The Publisher Template is a little hard to work with, but during the four years I have been Bulletin Chairman, I have figured out the system and short cuts that I will pass on to you. It only took me 2 hours to make this month's bulletin. This month's was short; some months that contain a lot of information may take . . . 4 hours. You can work on putting together the bulletin over several days, or in one sitting. And who knows, **you may WIN AN AIMEE!!!!**

Let me or President Marnee Lane know if you are interested.

NOTE: Publication of submitted articles neither implies approval of opinions or accuracy of facts stated.

NOVEMBER BIRTHDAYS

2 Cindy Hay
20 Joyce Leffingwell

December Birthdays

1 Brooke Smith
2 Cristina Granado
28 Sherry Rossie

AIMEE AWARDS CORRECTIONS

- Best Desk and Derrick Program - 1st Place: Club of Victoria
2nd Place: Club of Wichita Falls 3rd Place: Club of Farmington
- **Best Desk and Derrick Article - 1st Place: Club of Midland**
- **submitted by Ingrid Burton!!!**
2nd Place: Club of Tri-State 3rd Place: Club of Victoria

LOOKING FOR A NEW JOB OPPORTUNITY?

WANT TO KNOW ABOUT OIL AND GAS ...

<https://oilandgasinfo.ca/oil-gas-basics/>

ENERGY TRAVELS - EXPLORATION - Part 3 and 4 DRILLING

First, a surface well is drilled. Surface casing and cement are installed. After more drilling, intermediate casing and cement is set. Drilling continues to a pre-determined depth, then production casing and cement are installed.

During the drilling process, the well is logged and tested. Core and cutting samples are taken to gather data on underground formations.

COMPLETION

Several important operations, including perforation and stimulation, are done in this phase.

The production casing must be perforated to allow the oil or gas to flow from the target reservoir into the production tubing.

After perforation, the well is stimulated to encourage the oil or gas to flow from the reservoir into the wellbore. Hydraulic fracturing is the stimulation technology most often used when oil and gas are trapped in “unconventional” source rocks, such as shale.

WANT TO KNOW ABOUT NATURAL GAS

energy4me.org

Natural gas is a fossil energy source that formed deep beneath the earth's surface. Millions years ago and over long periods, the remains of plants and animals built up in thick layers on the earth's surface and ocean floors, sometimes mixed with sand, silt and calcium carbonate. Over time, these layers were buried under sand, silt and rock. Pressure and heat changed some of this carbon and hydrogen-rich material into coal, some into oil (petroleum) and some into natural gas. Natural gas should not be confused with gasoline, which is a petroleum product. Natural gas from underground reservoirs is a nonrenewable energy source, which means we cannot make more in a short time.

In some places, natural gas moved into large cracks and spaces between layers of overlying rock. The natural gas found in these types of formations is called conventional natural gas. In other places, natural gas occurs in the tiny pores (spaces) within some formations of shale, sandstone, and other types of sedimentary rock. This natural gas is referred to as shale gas or tight gas, and it is sometimes called unconventional natural gas. Natural gas also occurs with deposits of crude oil, and this natural gas is called associated natural gas. Natural gas deposits are found on land and some are offshore and deep under the ocean floor. Coalbed Methane is a type of natural gas found in coal deposits.

Natural gas production, transportation, distribution, and storage require strict safety regulations and standards. Because a natural gas leak could cause an explosion, strict government regulations and industry standards are in place to ensure the safe transportation, storage, distribution, and use of natural gas. Because processed natural gas has no odor, natural gas companies add a strong, rotten egg-like smelling substance called mercaptan to natural gas so that people can smell leaks.

EDUCATION

SOME ADDC FIRSTS

The first Club Meeting was held on March **1949** in New Orleans, Louisiana by Inez Awtry Shaeffer.

The first Articles of Association were signed on July 23, **1951**.

In **1952** Inez Awtry Shaeffer was presented with an ADDC Honorary Member. There have only been two presented in ADDC history, the second being Lee Wilson Hoover in 1954.

The first ADDC President was Lee Wilson Hoover elected in **1952**.

The first Convention was held in **1952** at the Shamrock Hotel in Houston, Texas. Forty clubs were represented with 994 registrants.

The first Oil and Gal Journal was published in **1952**. It was named by Josephine Nolen of Odessa, Texas, who won the contest for its name.

The first International Convention was in held September **1954** at the Banff Springs Hotel in Banff, Alberta, Canada.

The AIMEE (Achievement in Maintaining Energy Excellence) was first established in **1977**. The two levels are the Regional Award of Merit (Region Winners) and the Association's Award of Excellence (International Winners).

The first Desk and Derrick Journal was published in **1987**. It replaced the Oil and Gal Journal.

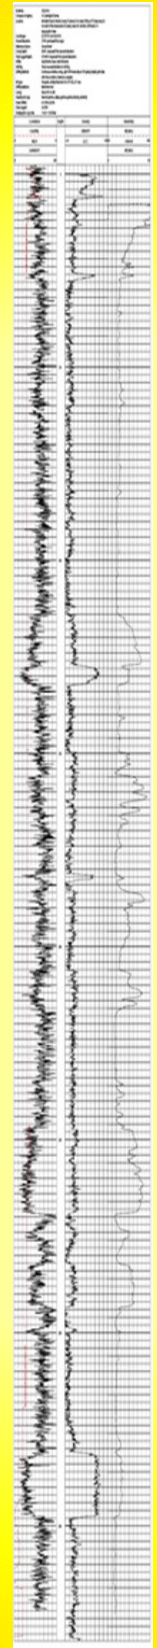

Membership first opened to men in **1988**.

In **2002** the curriculum was established for a Certification Program, the Petroleum Tech Certificate of Completion, to be given at the annual ADDC Convention.

In **2008**, the first Petroleum Tech Certificate of Completion was awarded; there were seven people who received this certification.

The first ADDC Insight replaced the Desk and Derrick Journal in **2014**. Helen Trujillo, of the Club of Farmington, was the original editor. The Insight is a link between Club members and ADDC, and is only available online.

Membership first opened to people not employed with an energy industry business in **2015**.

Happy Thanksgiving to you and your Families,

Thanksgiving is a time to be together with your family and loved ones. And a time to reflect what we are all thankful for, especially with all of the obstacles we have all encountered this year. I am thankful for each of you, for your friendship, for your support and for your kindness throughout the year.

Many of us, when we were in elementary school, participated in the play of the first Thanksgiving, being taught in school what we celebrate at Thanksgiving. But do you remember the real reason why? Thanksgiving is celebrated every year in the United States in November **to mark the harvest and other blessings of the past year**. It can be traced back to 1621 when a harvest feast was shared by the English Colonists (later known as the Pilgrims) of Plymouth and the Wampanoag (later known as Native Americans) people – a group of various tribes. So, this year, remember the first Thanksgiving and the harvest and blessings of last year.

The 2022 Board of Directors is already planning for next year. There are still committee Representatives needed – contact Philana Thompson to see how you can help her and ADDC in the coming year. If you have never served on an ADDC Committee – this is the perfect time to become involved. There isn't a better way, in my opinion, to learn more about the various committees that our Association has in place.

Plans for each of the 2022 Regional Meetings are already under way. After the last two years and not being able to meet in person, I know that I am ready to see each and every one of you – to give a big hug, to meet with old and make new friends and enjoy each other. It has indeed been a very long two years of not being able to actually enjoy time together, that being at Regional and Convention meetings give us. I cannot wait to have this opportunity. You can mark your calendars now:

Southeast Region Meeting – April 21-24, 2022 – Lafayette, LA

Central Region Meeting – April 28 – May 1, 2022 – Wichita Falls, TX

West Region Meeting – May 5 – 8, 2022 – Amarillo, TX

Northeast Region Meeting – May 12 – 15, 2022 – French Lick, IN

Never too early to begin to plan to be there!

ADDIC PRESIDENT'S MONTHLY LETTER

*November 2021 President's Letter
(continued from page 1)*

And, don't forget – the 2022 ADDC Annual Convention is also planned for September 21-25, 2022 at the Double Tree by Hilton, Meadow Land in Pittsburgh, PA. I have marked my calendar for all of the planned meetings for next year!

This is the time of year that Clubs will elect their officers for 2022. Consider being a part of your clubs' Board of Directors. It doesn't matter how large or how small your club is – your help is needed, and no better way to learn more about your club and how it works, than to become an officer. If you are a “long standing” member or a new member – take an active part in your club.

Also, a reminder to all of the Club Presidents – be sure to have the ADDC Form 31 – New Club Officer Form completed as soon as the club officers are elected for 2022. This form can be found on the ADDC Website under the Club tab – Club Forms. This should be completed and mailed to ADO with a copy your Regional Director.

ADO will be sending out the 2022 Membership Renewal Forms shortly. Please send in your renewals at your earliest convenience. Remember to use the Membership Transmittal Form to submit to ADO, along with the payment for dues. This form can be downloaded on the ADDC Website. It is located under the “Committee”

Thank you all for your continued support. Have a wonderful Thanksgiving holiday with your family and friends.

Many hugs to all of you and thank you,

Evelyn

“**LIFE** is full of give and take, **GIVE** thanks and **TAKE** nothing for Granted”
