# President's Letter – September 2021

Greetings Farmington D&D Members,

Industry Appreciation will be on Thursday, October 21, 2021; this is the 100th year that the 1st gas well blew in making large amount of gas from the Farmington Sandstone on October 21, 1921. This year the banquet will be held at the Farmington Civic Center, the committee is working hard to make sure this evening is fun and exciting! This year we have 14 honorees. We still need help getting things ready, so if you have time call Linda, Runell, Pam or myself and we will tell you where we need help.

September 17, 2021 was the Bogey Bash Golf Tournament; we had a great turnout and had a lot of fun. Helen Trujillo worked so hard on this golf tournament and I just want to give her a shout out on the great job she did.

By now, you all know our 2021 ADDC Convention in New Orleans, LA was cancelled due to Hurricane Ida, she managed to do a lot of damaged and their Club decided to cancel for our safety. We will be reimbursed for our registrations and hotel. Airlines are making reimbursements too. Another one cancelled, I hope this is the last one because I'm getting tired of virtual and zoom meetings. Next year it will be in the Pittsburgh, PA area and at the virtual meeting on September 25, 2021 it sounds like plans are still in play for field trips, seminars, etc. This would be a great time to think and start planning your trip to Pittsburg Area next September 2022.

AIMEE – Farmington Club did not place 1st in any categories, but if we placed 2nd we will be notified by mail, I think this is the first year Farmington didn't place a 1st, I was certain we would...

Shacie Murray has been doing an excellent job with the Desert Candle, if anyone has an article or some pictures send them to her and she can put them in the Desert Candle.

Next meeting is Thursday, October 21, 2021 at the Farmington Civic Center for our Industry Appreciation Banquet and to celebrate the 100th Anniversary Celebration of the 1st commercial gas well.

Please be careful going out, still wear your mask and use sanitizers!

Warmest regard,

Esther J. Greyeyes

## September Membership Meeting

Linda Dean discussed the history of Industry Appreciation and the upcoming 100-year celebration!

# President's Letter – October 2021

Greetings Farmington D&D Members,

Industry Appreciation will be on Thursday, October 21, 2021; this is the 100th year that the 1st gas well blew in making large amount of gas from the Farmington Sandstone on October 21, 1921. This year the banquet will be held at the Farmington Civic Center, the committee is working hard to make sure this event is fun and exciting! This year we have 14 honorees.

AIMEE AWARDS: Farmington Club placed 2nd in "Best Industry Program"; 2nd in "Best Industry Field Trip" and 3rd in "Best Industry Photograph".

Shacie Murray has been doing an excellent job with the Desert Candle, if anyone has an article or some pictures send them to her and she can put them in the Desert Candle.

Next meeting is Thursday, October 21, 2021 at the Farmington Civic Center for our Industry Appreciation Banquet and to celebrate the 100th Anniversary Celebration of the 1st commercial gas well.

November, 2021 is coming up and this is the election of new board members, so if you haven't thought about it, do something and try something new. We are here to help you, this Board has been doing it two years and we need a change...so come on Ladies let's make a change!

I wish everyone a "Happy Halloween", get a costumes and try something new with your kids or grandkids, hey I am, no one will know it you! This is my little Emma..."May the Force Be with You!"

Please be careful going out, still wear your mask and use sanitizers!

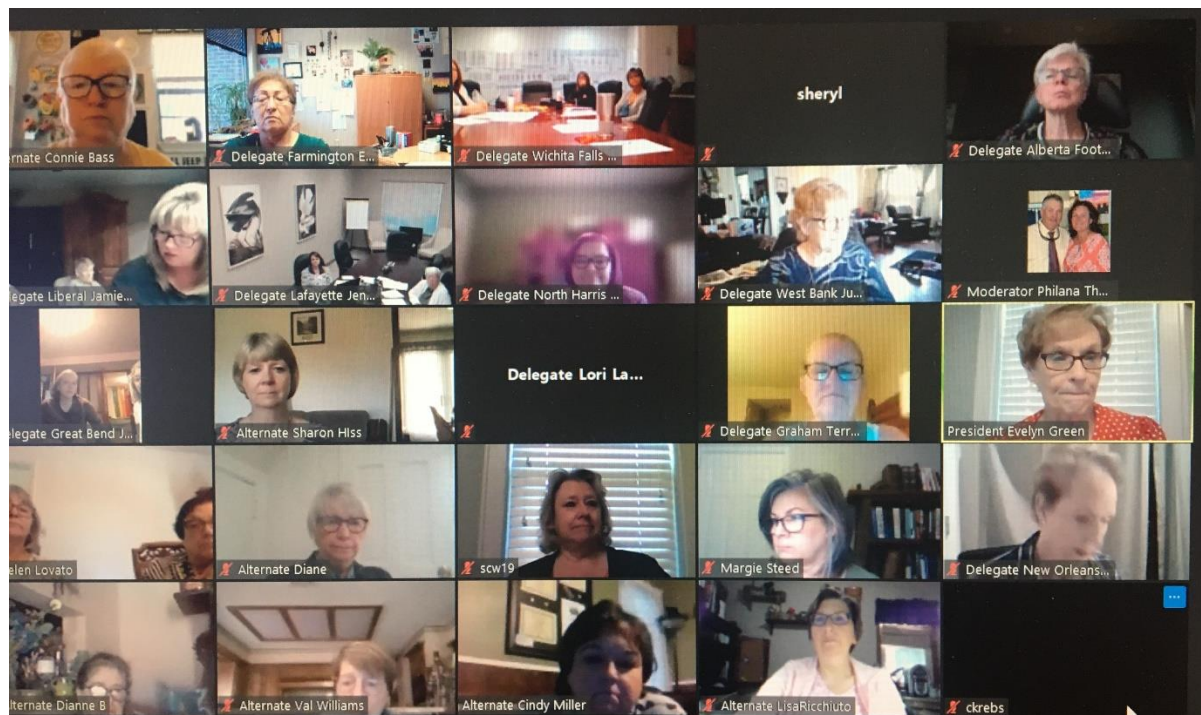

Warmest regard,

Esther J. Greyeyes

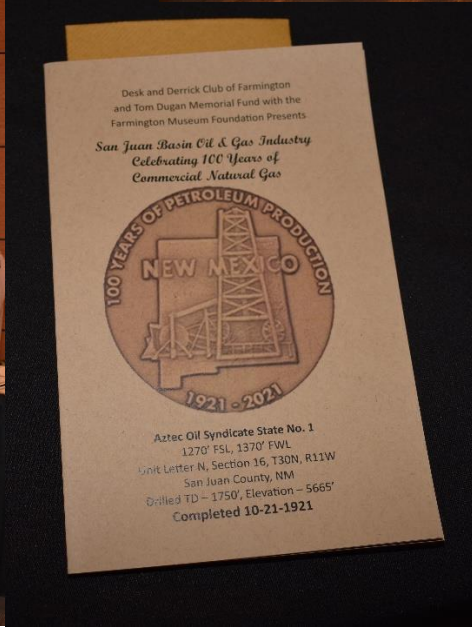

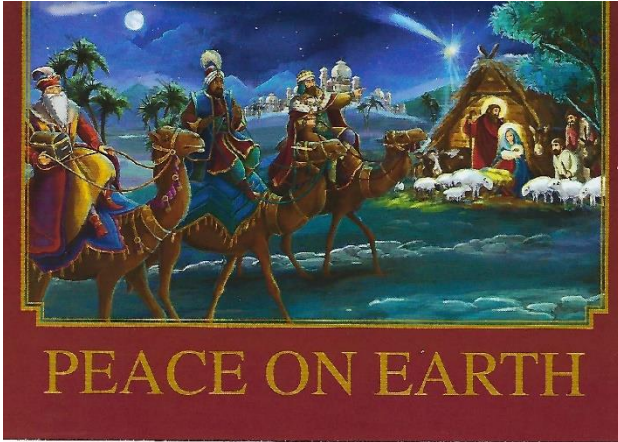

## Convention 2021

Convention was held by Zoom meeting

# Industry Appreciation 100 Year Celebration

STAR OF WONDER, STAR OF LIGHT  
 STAR WITH ROYAL BEAUTY BRIGHT  
 WESTWARD LEADING, STILL PROCEEDING  
 GUIDE US TO THY PERFECT LIGHT

Thank you for the Card.  
 I miss U all.  
 Have a merry Christmas!  
 Betty

**Linda,** Thank you for your dedication to Desk and Derrick Club of Farmington as Secretary over the last two years. It is very much appreciated. Communication is so very vital for any organization and so much more needed during these trying times over the past two years as we work through this pandemic. Again, Thanks for your service.

**Runell**

Dear Desk + Derrick Members,  
 Thanks so much for the beautiful flowers sent to me after the loss of my dad.  
 I appreciate all of your thoughts + prayers during this difficult time. My dad lived a long life so I'm grateful to have had him in my life until he passed away at the age of 90. Pam

Your thoughtfulness means  
 so much more  
 than words can say.

Love,  
 Pamela Garcia

Dear Desk and Derrick Club of Farmington,

Through the support you are providing to the San Juan College Foundation, you are changing lives! THANK-YOU!

Thanks to your generosity, people in our community are able to expand their educational and vocational skills. There are never enough phone calls, newsletters or face-to-face conversations to thank you for the opportunities you are giving our students, our institution, and our community.

Please accept the enclosed letter as a sincere thank-you from a student who received a San Juan College Foundation scholarship and has benefitted from your philanthropy. There is no greater gift than that of education.

We are always seeking ways to better serve our students, campus and community. I invite you to contact me at any time at [deang@sanjuancollege.edu](mailto:deang@sanjuancollege.edu) or 505-566-3200 with ideas, suggestions or just to visit.

With warmest regards,

Gayle Dean  
Executive Director

*"Education is the most powerful weapon which you can use to change the world."*

—Nelson Mandela

Dear Sponsor,

I can't begin to thank you for this extra financial aid. This money will help me with my books. I apologize for the lateness of my thanks letter but I have not personally received letter for the scholarship until recently. Again, I very greatly appreciate your scholarship!!!

With kind regards,

Isaiah  
Gonzales

Juanita Chacon  
August 13, 2021

Dear Sponsor,

Thank you so much for providing this scholarship to me. I am very grateful and this will be so helpful during this semester which is my last semester. Thank you very much for contributing to my education and graduation.

Sincerely,

*Juanita Chacon*

Dear Sponsor:

I would like to express my deepest appreciation to **The Desk and Derrick Club of Farmington #2 Foundation** for the scholarship they have granted me for the Fall 2020 and Spring 2021 semesters.

I was very excited to learn that I was chosen for the scholarship. This will be very helpful for my continuing education at San Juan College. I will be completing my AA Degree in Business. Thank you again for this opportunity.

I also look forward to the Scholarship reception you will be holding in the Spring.

Sincerely,

Amanda DeJolie

## President's Letter – November 2021

*Greetings Farmington D&D Members,*

*Thursday, October 21, 2021 – What a wonderful, awesome, fun time we had. It was exciting as this was the day 100 years ago the Aztec Oil Syndicate State No. 1 was discovered. We had 13 Honorees that came far and near, some are deceased and loved ones came and were recognized. The food was excellent and everyone enjoyed themselves.*

*November, 2021 is coming up and this is the election of new board members, so if you haven't thought about it, do something and try something new. We are here to help you, this Board has been doing it two years and we need a change...so come on Ladies let's make a change!*

*If you have articles, pictures please send to Shacie to put in the Desert Candle. Thanks Shacie for doing an awesome job.*

*Thanksgiving is coming up, everyone give "Thanks" to our creator who gave us life and who brought energy into this world, so we can all work for some great companies.*

*Our next meeting will be on Thursday, November 18, 2021. This is a closed meeting to elect new board members.*

*Please be careful going out, still wear your mask and use sanitizers!*

*Warmest regard,*

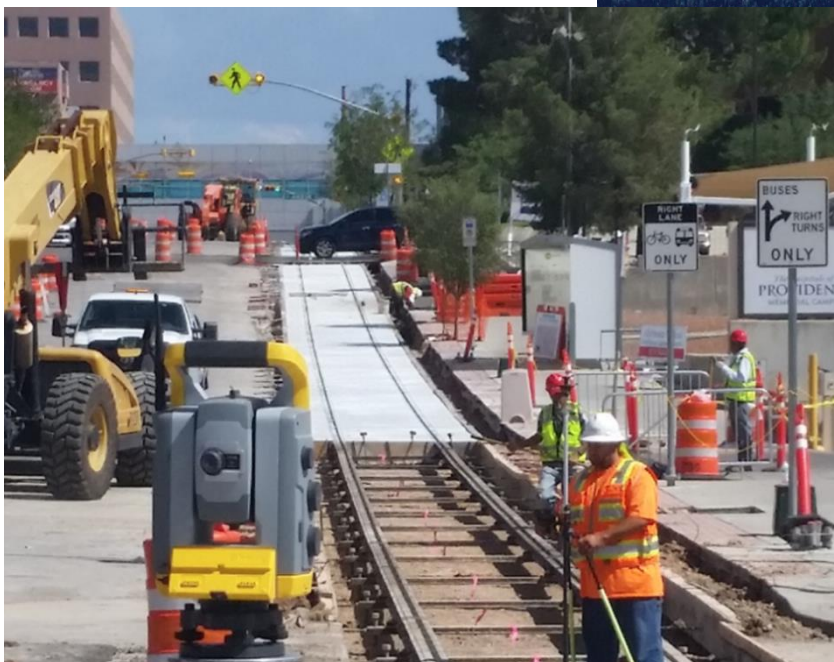

*Esther J. Greyeyes*

# Can You Name It? In the Oilfield, Regulatory Compliance

## Do you know what is in the picture?

The following information and pictures are from member Amanda Wangen. The following pictures are items used in the oil field and other industries to aid surveying. See if you can identify what is in the photos. Answers are on the following page. If you would like your job featured in the next issue, please reach out to the editor at [shacie@merrion.bz](mailto:shacie@merrion.bz)

Sharing your knowledge helps everyone and that's what D&D is all about!

## Trivia Answers

Rotary drone flying the Hogback Canal, to map irrigation ditches for the Navajo Nation.

In addition to building and planning, we also help our communities with private parcels, often between neighbors, to help resolve boundary issues.

There many situations when this might be necessary, firstly when you wish to buy a property or an area of land. Only a licensed land survey, produced by a qualified land surveyor, is able to describe exactly what the area that you are going to purchase includes or entails. It indicates the boundaries of the other properties in relation to your own, as well as determining where trees, outbuildings, fences etc lie. The survey will also describe whether other people are allowed access to your property or land thus determining your legal permits and rights.

Land surveys are also required when alterations are planned to be made on a certain area. If an extension is intended to be built then a land survey is needed to mark out the boundaries which the land occupies in order to establish the proprietor's ownership rights and make sure that you are only building on your own land. This will prevent any future disputes or problems. This will prevent any future disputes or problems.

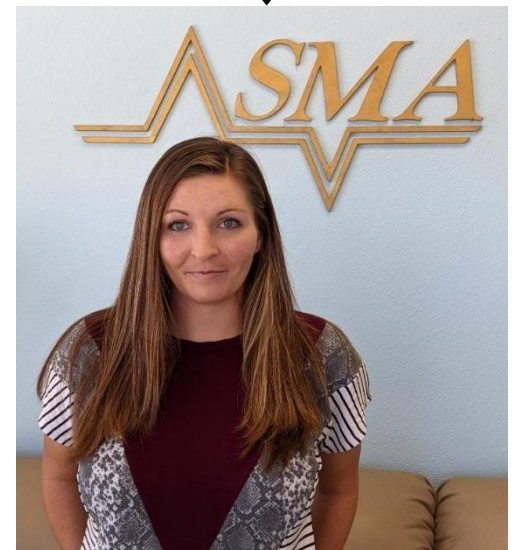

Land surveyors are the people who plot, measure and record the details of the land by using or creating maps. They also advise planning and construction of roads, buildings, bridges and dams.

We use GPS equipment to take measurements of land and use the data to compile digital drawings in CAD.

Picture of Amanda at work. Amanda is a Project Financial Assistant at Souder, Miller & Associates.

Thank you for sharing your knowledge with us!

## President's Letter – December 2021

Greetings Farmington D&D Members,

Being the President of this great Desk and Derrick Club of Farmington was a challenge for the past two years but I enjoyed every bit of it. In this new age of the Covid, it was hard to decide who to get for speakers and also if we could or should gather for our meetings but guess what??? I managed to get in a couple of field trips and had some great speakers. Now. . . I'm turning it over to the new 2022 Board, I'm so proud that a few of the ladies have stepped up and decide to take the following roles:

President – Kim Cadle  
Vice President – Kari Burkhow  
Secretary – Christine Walters  
Treasurer – Evangelena Benallie  
Director – Runell Seale  
Director – Amanda Wangen  
Parliamentarian – Nell Lindenmeyer

I encourage each members to help these ladies out, recommend speakers (contact them and then hand them over to Kim); plan a field trip (Navajo Nation is open so maybe someone can look into going to Canyon de Chelly National Monument near Chinle, AZ which is about 2 hrs away); Monument Valley near Kayenta, AZ (about 2.5 hrs away); even Angel Peak (but not in the middle of summer); write articles on the field trips, take pictures or anything you would like to see in the Desert Candle. Sometimes the President can't perform all these jobs by herself; she needs the help of the members, someone can help the President as being the Hostess and getting the place ready for our meetings. I look forward to a great year, things are starting to open up so I'm thinking we could have meetings in person again but zoom meetings are great too!

Our end of the Year Christmas Party, which will be in person, on Thursday, December 9th, 2021 at the Outback Steak House at 5:30 PM. We ask that each member bring a new unwrapped toy and these will be donated to one of the charity place.

Everyone should have gotten their 2022 D&D Membership form, please hand these in to Evangelena Benallie as soon as you can. Get out and start inviting new people and encourage them to get involved.

Our West Region Meeting will be in April, 2022 in Amarillo, Texas. More details will be forth coming as the time gets closer.

Philana Thompson is our new 2022 ADDC President and Heather Woods is our new 2022 ADDC Treasurer. I'm so proud of the two ladies volunteered to serve on the ADDC Board, please help them with whatever they need.

If you have articles, pictures please send to Shacie to put in the Desert Candle, Shacie is doing an awesome job and hopefully she will keep doing the job for us.

Runell Seale, Linda Dean and few other members are preparing articles etc. for the AIMEE contest, which is due on my desk on December 16, 2021. I know they will do a good job on making the selections and looking forward to placing in the Region/Convention, LET'S GO D&D OF FARMINGTON!

Again as before, please be Safe as you venture out..wear your mask, use hand sanitizers!

THANK YOU FOR SUPPORT THE LAST TWO YEARS!! Ahéhee'

Warmest regard,

Esther J. Greyeyes

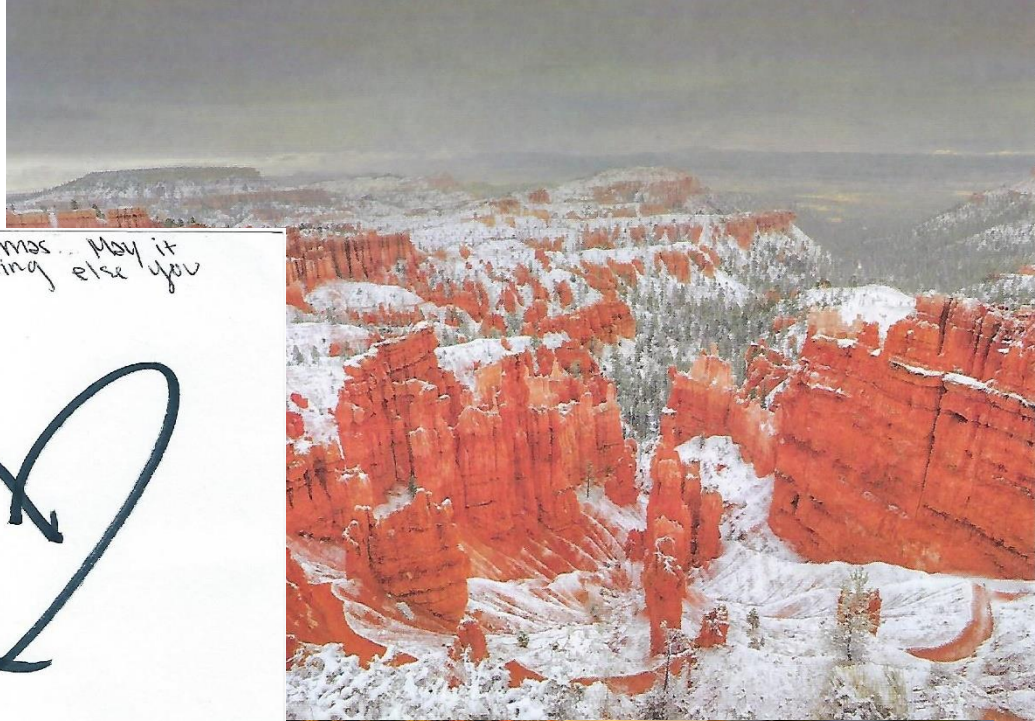

# Christmas Party

Good Morning! Pam Garcia took our Christmas Party donation to Childhaven on Tuesday this week, as she was reporting to the Board:

"Paula with Childhaven was very happy about receiving the toys. She says that the kids will get gifts at Christmas and if there is a good supply of toys, they put some back to give as birthday gifts throughout the year. She asked for our mailing address so that they can send a thank you note. At this time, they are not accepting "used" toys so this donation comes at a good time." ~Pam

Thank you Pam for taking care of this for us! 😊 -Esther

Wishing you a very Merry Christmas... May it bring you joy... Happiness & everything else you deserve... - U.A.

Thank You! 

Thank You!

We appreciate your generosity this season! your gifts and donations are greatly appreciated!

Pam,

Thank you so much for your donation of toys and wishlist items. They are so appreciated and will be well enjoyed. You helped make the holidays brighter for kids in foster care this year. We are so lucky to have people like you in our community. Thank you.

## 2022 ADDC President

Nell Lindenmeyer presented Philana Thompson with the gavel and congratulated her on becoming the 2022 ADDC President during the Industry Appreciation Banquet. Passing the gavel would normally happen at convention but this year convention was canceled.

## 2022 Farmington Board

President - Kimberly Cadle  
Vice President - Kari Burkhow  
Secretary - Christine Walters  
Treasurer - Evangelena Benallie  
Director - Amanda Wangen  
Director - Runell Seale  
Immediate Past President – Esther Greyeyes  
Nell Lindenmeyer will continue to be our Parliamentarian

- ❖ 3 Trends: “First, the industry has moved from worrying about supply to worrying about demand. Second, investment has pivoted from international and offshore to US onshore. And third, the push for abundant, low-cost energy to power the world has come into conflict with global climate change aspirations”

### Your Yawns

The Friday File: While there is great debate about why yawning occurs, it appears that brain weight and yawn duration are highly correlated and the number of cortical neurons, a measure of brain complexity and yawn duration are spectacularly correlated. For example, a mouse yawn takes about 0.8 seconds, cat yawns last for 2.0 seconds, dogs for 2.4 seconds, camels for 4.8 seconds, and humans a whopping 6.5 seconds.

## Would you rather watch something?

- ❖ If you are concerned about climate change, please consider watching this short video on the critical topic of energy. The general public has no clue how important energy is in our lives. This easy to understand video explains all that energy does for us, why we absolutely can't do without it, and why the world will need to use more and more energy in the future. Given man's insatiable need for energy and given our absolute need to respond to climate change, the video then discusses from where that energy will come, going over all the reasons why wind and solar aren't the answer, all the reasons why nuclear is the answer, and all the reasons why we will continue to need carbon energy through a very long transition. Thank you for your time and consideration, George Sharpe.
