ASSOCIATION DIRECTIVES

ABOUT ADDC

(Association of Desk and Derrick Clubs)

ADDCC is the energy industry association that brings everyone together to build better careers, companies and communities.

Membership is open to those employed in or affiliated with the petroleum, energy, and allied industries as well as individuals interested in increasing their knowledge about these industries, who can benefit from broad-based, cross-functional training.

MOTTO

Greater Knowledge - Greater Service

Adopted in 1957

PURPOSE

To promote the education and professional development of individuals employed in or affiliated with the petroleum, energy, and allied industries, and to educate the general public about these industries as well as the companies and global communities the members serve.

Adopted in 1987; Amended in 2015

MISSION STATEMENT

To enhance and foster a positive image to the global community by promoting the contribution of the petroleum, energy, and allied industries through education by using all resources available.

Adopted in 1957

VALUES

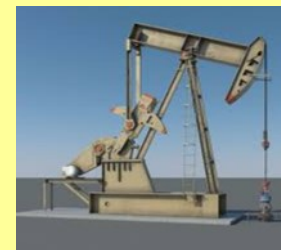

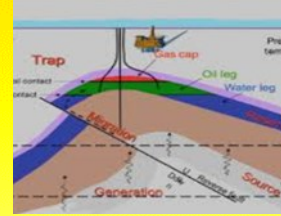

Integrity / Accountability

Leadership

Professionalism

Teamwork

Adopted in 2015

CLUB PRESIDENT LETTER

MARCH

GROWING 2GETHER

Happy April 1st! I hope this letter finds everyone well!

The next two months are going to be busy ones for the club, so I hope everyone is excited and ready to have some fun!

Unfortunately, I will not be at the April Club Meeting. My sister-in-law is graduating from Nursing School so I will be out of town celebrating her and her accomplishment. Ingrid has volunteered to run April's meeting. I encourage everyone to attend and as always bring a guest! If you know someone who would like to speak at future club meetings please reach out to Kim Rivera.

It is finally time for the Black Gold Golf Tournament! The sign-up sheet to volunteer is in this month's Top Pay and will be at the April Club Meeting. Please consider volunteering. This event is a huge contributor for our scholarship fund. It takes every single member to make it be successful. If you have any questions, please reach out to Melissa Mulloy or Amanda Espinosa. Also, thank you Melissa and Amanda for heading up this year's tournament. I know its going to be the most successful one yet! Here are some memories from last years event!

West Region Meeting is next month! Who is going? There is still time to sign-up. Remember we have the Linda Donham Scholarship to support any member who is interested in going. If you need me to resend you the information packet, please reach out to me at marnee.lane@roberthalf.com.

Happy Easter, and I am looking forward to seeing everyone soon!

Cheers!

Marnee

MONTHLY CLUB INFORMATION

MONTHLY PROGRAM ARTICLE

March Program

Written by Marnee Lane

Speaker: Maurice Nassar

Title: Bridging the Gap with Younger (and Older) Generations

The generation gap is nothing but the differences between the beliefs of the older and the young. There are a lot of misconceptions about how different generations work with each other. The fact is younger generations continue to enter the workforce and rise to positions of increasing responsibility, and older generations are remaining in the workforce. This means getting past the misconceptions and bridging these gaps is becoming increasingly important.

Maurice's discussion focused on ways different generations think, how generations can find common ground, and how they can turn different perspectives into team approaches to help their organizations succeed.

There are several different ways generations think. For example, technology is one way. The younger generation has exposure due to technology that the older generation did not even conceive. They have any information they want to see at their fingertips. So, obviously, younger people have very little patience in comparison to the older generation. In the past, social media was not there; therefore, the older generation lived in a different social manner. The older generation lived in such conditions as sensitivity to religions, where government jobs were highly prized, where you retired from the company you worked for, and at a time when career options were few. The older generation have faced many more situations than the younger generation, so part of their "education" is life experiences.

The keys to bridge the generation gap are communication, understanding of the different situations, acceptance of those differences, and finding a middle ground by both parts.

Everyone in attendance, regardless of their generation, enjoyed Maurice's talk!

EDUCATION

PROS AND CONS HYDROPOWER

energy4me.org

Hydropower is the energy captured from moving water.

PROS:

- No emissions
- Reliable
- Capable of generating large amounts of power
- Output can be regulated to meet demand
- Cost competitive
- Low maintenance and silent

CONS:

- Environmental impacts in the dam construction area
- Expensive to build
- May be affected by drought
- Carbon dioxide and methane emissions
- Risk of flood in lower areas

April 2022

As was mentioned in last month's letter and how hard the board worked to make sure we were operating within our budget, some changes were made that would allow me to visit our regions, these changes did not affect individual services to our membership. At the end of this month I will have the honor of attending the first in-person regional meeting since 2019! My tour of the regions kicks off in Lafayette, LA for the Southeast Region meeting, my next stop will be Wichita Falls, TX for the Central Region and my last in-person meeting will stop at my own region, West, in Amarillo, TX. I will be able to attend the last regional meeting of 2022 in the Northeast at their virtual meeting.

We have many deadlines coming up fast, ADDC nominations, distinguished service awards, tax filings, and then add into the mix preparing for our regional meetings. It seems another year is flying by. If you are not sure what those deadlines may be please reach out to your club president, regional director, committee chairs and even myself. The committee chairs, board and myself are working hard to clean up the website so that more information can easily be found there as well, if you don't see something you need, once again please let us know.

As I look towards our future and being notified of another ADDC club's disbandment this year, I would like to ask that members begin to think about what the future of our organization looks like now, tomorrow and years to come. We are not unique in our decline in membership, I have mentioned many times that other organizations I am in are seeing declines as well. Do we continue on operating as if we have 800 to 1000+ members, or do we find new ways to adapt so our organization does not die? What hard questions we should ask ourselves as clubs start to disband is:

1. Regionals and conventions; as we begin to shrink the burden of hosting a regional or convention gets tougher on regions and clubs, what are some ideas to help ease that burden?
2. What can ADDC do to help clubs and regions adapt new ways of engaging members and bringing in new?
3. What is holding us back from moving to the future?

Simply stating we have some hard times ahead and this organization is built on the strength and hard work of many folks since its inception. They also faced hard decisions that may have caused a "ruckus" but did what had to be done to see this organization thrive! Please don't be afraid that an idea or way to help this organization survive is not a good one just because you are short timer, middle of the road or long timer.

I look forward to seeing everyone at the regionals I will be happy to hear any ideas you may have.

Prayers and Blessings!

Philana Thompson

pthompson@merrion.bz

WEST REGION PACKET

Thursday, May 5
To Sunday, May 8
Amarillo, Texas
West Region Meeting

Greetings to the Presidents of the BEST REGION!

I am very excited to invite you and the members of your club to the **2022 West Region Meeting!**

It has been two years since our region has been able to hold a West Region Meeting. Natalie Bright and Norma Pratt (Amarillo) and Elaine McDowell (Pampa) and their committee members have been working hard to put on an event that promises to be fun and relaxing, an excellent time to renew friendships as well as form new ones, hence the theme: ***Fiesta In Amarillo!***

The "Fiesta" begins with a Region Director Social on the night of Cinco de Mayo, Thursday evening at one of the premier Mexican food restaurants in Amarillo, which is just a few blocks from our hotel. The Fiesta continues on Friday with a field trip to the Texas Air and Space Museum and a tour of the downtown performance hall. We will wind down with a burger buffet and semi-pro baseball at Hodgetown. Our normal business session is set for Saturday.

A packet with details is attached, so set the date and encourage your Club members to come Fiesta in Amarillo! We look forward to presenting you with a most enjoyable Region Meeting.

Can't wait to welcome you over a michelada or a margarita (or maybe both)!

Ingrid Burton

2022 West Region Director

Save The Date

West Region Meeting 2022

Join us for a fun-filled, educational, fiesta themed weekend! The Desk and Derrick Clubs of Amarillo and Pampa invite you to experience the Texas Panhandle and the city of Amarillo.

West Region 2022

May 5—8

Fiesta Amarillo!

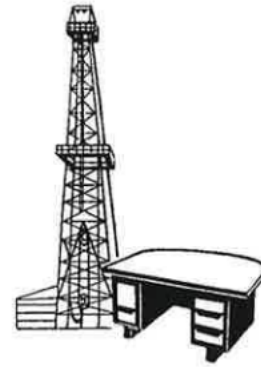

West Region

Association of Desk and Derrick Clubs

May 5 – 8, 2022

Hosted by the Amarillo and Pampa Clubs

**ASSOCIATION OF
DESK AND DERRICK
CLUBS**

Hello D&D West Region Members!

On behalf of **Ingrid Burton**, 2022 West Region Director, and members of the Amarillo and Pampa Desk and Derrick Clubs, we would like to invite you to join us Thursday, May 5 through Sunday, May 8, 2022, for Fiesta Amarillo!

We are kicking it back and chillin' this year because it is a Fiesta Theme after all. You will discover a loose itinerary with lots of time for relaxing and visiting. We haven't been together in person in two years, so we decided that making the connection is more important than going from hauling you all over Amarillo. The hospitality suite will be fully stocked and ready for you!

We will be at a brand-new facility that opened late fall of 2021, FourPoints/Fairfield Inn at 1911 I-40 East. A block of rooms has been reserved and your President should have received the D&D link for reservations. Note that the Thursday night reception for our Regional Director is limited on space because it is Cinco de Mayo weekend. Register early to make sure you have a seat.

Please plan to join us in May and experience the wide-open spaces of Texas Panhandle and one-of-a-kind Amarillo sky. It's almost time for Fiesta Amarillo, y'all!

Welcome to Fiesta Amarillo!

Field Trip Friday, May 6, 2022

The Texas Air and Space Museum is located at the Rick Husband Amarillo International Airport. Ron Fernuik will be our guide for the morning. He worked for 41 years with Leonard Hudson Drilling and is a pilot for several oil producers. Mr. Fernuik will talk to us about the different kinds of jet fuel and we will get up and close personal to an airport fuel transportation truck. The museum houses several indoor exhibits on war history as well as aircraft on the tarmac.

We will enjoy a leisurely lunch in the spacious Gilliland Education Room on the north side of the **Globe-News** lunch, we will watch a short video about this amazing facility. The 1,300 seat proscenium theatre is designed with acoustical excellence and is equipped with a sprung dance floor and one-of-a-kind hydraulic orchestra shell that can retract into the upstage area. Wear comfortable walking shoes, because we'll explore backstage and for those who are able to climb stairs, we will be allowed on the above-stage cat walk.

Transportation and a boxed lunch included in fee. Your registration packet will contain more details including van assignment and departure times.
