Revised January 2015

Candidate's Goals - 100 words or less

To be aggressive and determined to do my best to keep our clubs viable, active and productive. To recruit members, help with fundraising ideas and be available to hear ideas and concerns. After holding all positions on the board (and some twice) thus far, I have learned and been involved with all the moving parts. I have been a part of the board the last several years with all the major transitions we have taken. I have had to make many tough decisions on behalf of the Association and I feel that has helped me grow as a leader. I have great mentorship in this organization and I know I am ready to take the next step on the Association level. I have held many leadership roles in my home club as well as the American Lung Association where I have served as the Chairman for the Oklahoma board the last two years and Vice Chair this year. I make decisions based on facts not emotions. My friends call me the reality hammer because I can always see the other side of things. The next few years are going to be difficult and I feel I have the right leadership style to help lead us during this time. I have been a part of this organization for over 24 years and feel I have the knowledge and integrity to continue to be one of its leaders!
