July, 2022

To the wonderful members of the Southeast Region,

Wow...we are more than 1/2 way through the year already - time certainly has a way of flying when having fun (or super busy...LOL)! Hope all of you had a wonderful Independence Day - it is certainly something to celebrate!!

Prior to the last ADDC Board Meeting, I reached out to our Southeast Region Presidents requesting an update on club activities and truly appreciated those who were able to respond. The Baton Rouge Club shared information from an Exxon Mobile employee on a new recycling plant in Baytown that will recycle plastic bottle/container caps into food grade plastic and the Baton Rouge members will be collecting those items to assist with Exxon Mobil's efforts. The El Dorado Club was excited to report a former member will be rejoining the club!! Have you reached out to any former members in your club...maybe you can get the same result!

The San Antonio Club shared with us a series they recently completed for their monthly meeting program entitled "[The Prize: The epic quest for oil, money and power](#)" and highly recommend the series to all clubs!! It took them 8 months to finish, but it was definitely worth the effort! San Antonio will be showing another interesting video entitled "[Deepwater Horizon: In Their Own Words](#)" presented by National Geographic which also looks very good! Thank you to all who shared and I strongly encourage sharing amongst clubs for ideas to stay active!!

Your ADDC Nominating Committee has announced the Slate of Candidates for the 2023 ADDC Board as follows:
