PRESIDENT'S LETTER **SEPTEMBER 2023**

Members,

We've made it to September, and we've had a great year so far. Let's make the last months of the year even better. In just a few short weeks, Dorothy, Missy and I will be headed to Albuquerque for this year's ADDC Convention. I look forward to representing the Club and to renewing old friendships and making new ones. I wish all of you were going with us.

Thank you to all who have participated in this year's community service projects. At our September Membership Meeting, we will be collecting canned goods for the local food bank. To me, this will be one of our most important projects – giving back to those less fortunate than we and helping make sure others have much needed nutritious meals.

At my last visit with Dorothy, we were still in need of officer candidates for 2024. If you haven't considered serving, please do so. We cannot operate without officers and board members. It's only one afternoon a month, and we have an opportunity afterwards to share in a meal and fellowship.

Don't forget our Silent Auction with we will be holding at our September Membership Meeting. It's always fun to see what each member brings and to witness the competition among members to have the winning bid on favored items. In addition, proceeds help offset Club expenses.

Our annual Red River Invitational Golf Tournament is scheduled for October 12, 2023 at the Club at Huntington. If at all possible, please join us there. We will need assistance with registration, serving lunch, and the other activities that are essential to making this a successful event. Proceeds benefit our Phyllis B. Powell Scholarship Fund, and allow us to assist college students pursuing careers in the Energy Industry.

Thank you to those who respond to the Gusher survey each month. We have 5 or 6 members who always participate. It's a simple 5 question survey that's easy to complete and return to Missy. If you haven't done so yet, please do so in the coming months. Your responses will be invaluable to our committee in determining the best possible entries our Club will submit to next year's AIMEE awards contest.

Margie is moving ahead with plans for our Essay Contest. She has a new and unique idea for the theme and entries, and I look forward to the students' ingenuity in preparing their entries. We will be recognizing our winners and their teachers at our October Membership Meeting – It's a "don't miss" event – See you there!

As always, November will be our annual Membership Meeting – a closed meeting during which we will participate in a fun activity as well as voting for the 2024 slate of officers. We've had a lot of varied activities in the past. We've decorated cookies, painted Christmas door hangers, and visited an escape room, and always had great fun. If anyone has a suggestion for a fun new activity we would all enjoy, I'm sure Bobbie would appreciate hearing from you.

Our November Community Service Project involves collecting toys for Toys for Tots. I know our contributions will be greatly appreciated.

MEETING

Shreveport Then and Now
Presented by
Mike and Mark Mangum
Twin Blends Northwest Louisiana History Hunters

Our Tuesday night meeting began with the reminder - technology is not always our friend. Mike and Mark Mangum arrived early to set up the video showing photos from around Shreveport called "Shreveport Then and Now". Unfortunately as plans go this one was on the verge of going array when they were informed that we understood things don't always go as planned and we were confident that their presentation would be fine.

A bit of history: Mike and Mark Mangum (twin brothers) grew up in the Southern Hills area of Shreveport. They graduated from Woodlawn High School and Centenary College. After college Mark played four years in the minor leagues as a knuckleball pitcher (two years with the Houston Astros and two years with the Saint Louis Cardinals). From playing recreational sports in their younger years, they now spend time together working on Twin Blends. They can often be found hunting for civil war relics with the curator of the Spring Street Museum Marty Lawson. Initially they started off calling themselves "Twin Blends Photography" where they would take images from the Northwest Louisiana Archives at LSUS, they would then add color and combine the early snapshots

with their own modern photos, the result is a wonderful mashup of old and new images. But recently they have dropped the photography part and changed the name to "Twin Blends Northwest Louisiana History Hunters" because it better explains what they do. They aren't professional photographers, but they use photography as one of the many tools to help tell the history of this area in a fun and exciting way.

When Googling Twin Blends photography, I found a number of articles written up a few were "Lola magazine", "Shreveport Times" and "KTLA News" to name a few, their most recent article can be found in the August edition of SB Magazine and of course you can find them on Facebook. But the best find? YouTube! There are SO MANY different videos available to watch that shows the changes of the landscape and architecture in the area. Examples: "Scenes of Shreveport Now and Then Part 1, Part 2, Part 3, and Part 4. Shreveport's Lost History, Tribute to Shreveport's First Responders, A Look Back at Rubenstein's and the 500 Block of Milam, Shreveport's Lost History, A Glimpse of Shreveport, LA from 1918, Theodosia, If you Grew up in Southern Hills Shreveport, LA, and Streetcars in Shreveport, LA just to name a few.

Shreveport Then and Now
Presented by
Mike and Mark Mangum
Twin Blends Northwest Louisiana History Hunters

The evening ended up being a big hit as we all enjoyed reminiscing the past history of Shreveport as well as our own history. The buildings in downtown where most of us have worked that have changed or in some cases been entirely demolished and are gone forever. Long gone are the drive-in theatres, the grand architecture, the old automobiles and the ladies wearing their Sunday best.....every day.

The guys surprised us with photos from the Oil Progress Parade from 1950 as well as photos from a field trip hosted by the Members of the Shreveport Desk and Derrick Club in 1952, which they presented to the club.

We are looking forward to them returning at a later date to share more of their Northwest Louisiana history and adventures.

RED RIVER DESK & DERRICK CLUB
AUGUST MEMBERSHIP MEETING MINUTES
AUGUST 22, 2023

The meeting was called to order at 6:44 pm by Bonnie Fish, President. It was noted by Dorothy Semon that a quorum was present.

Minutes from the previous month's meeting were emailed prior to the meeting. Secretary Susie Guyer asked if there were any corrections and there were none. Missy Carroll made a motion to accept the minutes as presented, Kathryn Jackson seconded. A unanimous vote passed the minutes as presented.

Secretary Susie Guyer presented 1 "Thank You" note from Diana Walker and Rina Shaffer on behalf of the donation to ADDC Educational Trust in honor of Phillip Semon, July speaker.

Dorothy Semon, Treasurer, emailed the treasurer's report to membership on August 4, 2023. Per discussion there were no corrections. Therefore the Treasurer's Report will be filed for audit.

Our program for the meeting was Shreveport Then and Now. It was presented by Mike and Mark Mangum of Twin Blends Northwest Louisiana History Hunters. They presented some of their photography of landmarks and buildings in the Shreveport area both as they looked as far back as 1930s and how they look now. The imaging they use merges the old and new photos together so it is almost like watching the progression. It definitely showed us "To fully appreciate the present you have to look back." It was a great presentation despite the technical difficulties that kept them from showing most of their pictures and videos. But that means they will come back again to share more with us at a later date. Now that is something to look forward to!

Our speaker for the September meeting will be Debra Melton from the LSU Heritage Center. She will present The Impact of the Oil Boom on Bossier Parish from 1900 to 1939. The September meeting will be held September 26, 2023.

Per membership chairman Sheryl Cole, our membership total still stands at 25.

The 50/50 drawing was held, and the winner was Kathryn Jackson. The total tickets sold were \$70, so Kathryn got \$35 and the other \$35 goes into our RRDD account. The winners of the Gusher Survey contest were Arlys Milan for July and Laverne Broussard for August. They were presented with Bonnie's decadent pralines. Laura Hatcher won a batch of those also. Bonnie won a book on the history of Desk and Derrick that was donated by Laverne Broussard, and Jean Chappell and Becky Hutchings each won a carton of Robert Stroud's yard eggs. Thanks for all of the participation in these special surprises.

We continued our community project to gather school supplies for local children. Our club collected supplies as published on local websites. All supplies will be delivered to chosen schools. For September we will collect food items to take to the Northwest Louisiana Food Bank in Shreveport.

During the September Membership Meeting we will be having our First Annual RRDD Silent Auction. So be prepared with your donations and your checkbooks for purchases. Let's make this a good one.

AUGUST MEMBERSHIP MEETING MINUTES
AUGUST 22, 2023
Continued

Margie Steed updated the members on the chosen topic for the upcoming essay contest. The topic, The Future of Energy, will be focused on, "Do you think we can ever get 100% away from using fossil fuels?" As an incentive to really imagine this, students will be invited to try to virtually build a miniature house using no fossil fuels or products made using fossil fuels. This is a way to get the students to think about what products in our lives are actually made from/with fossil fuel sources.

Dorothy Semon reported that registration and correspondence for the October 12th Red River Invitational golf tournament is doing well already. We have 8 teams registered, as well as quite a few sponsors already. "Please send those flyers out."

New Business: It is that time of year to put together the 2024 Board. All members were asked to please step up and help in any way you can. It appears that the President, Treasurer, Secretary and 3 Director positions are filled so far. But that leaves Vice President, Parliamentarian, and 1 Director slots still open.

Also, there is not a program for our November closed membership program. Any Suggestions??????

The ADDC Convention will be held September 20-24 in Albuquerque, NM. Our members going will be Bonnie Fish, Dorothy Semon and Missy Carroll.

Dorothy Semon reported attendees were 12 members, 2 speakers and 2 advisors for a total of 16.

There being no other business, the meeting was adjourned at 6:49 pm.

Respectfully submitted,

Susie Guyer

September, 2023

Love September, hoping for cooler weather (maybe), football season, and of course, the 2023 ADDC Convention and Educational Conference is almost upon us.

Philana and the West Region have been planning this meeting for a long time. Lots of hard work, sweat and tears have gone into this Convention like years past. I am looking forward to seeing everyone, it will be an educational, fun filled week and a successful one. I will be proud to represent the Southeast Region and will report back all the details in my October Newsletter.

By now, all the Delegates should have their ADDC Registrar form sent in to Keith Atkins, Chairperson. Remember, Delegates, to bring your Convention Rules, and the 2023 Slate of Officers with you to the Convention.

Many of our clubs will be having their club's elections soon, time is fast approaching to complete a slate of officers for the clubs. Step up and volunteer for an office or committee. It will be very rewarding and you know you have members who will assist you with any questions.

Please let me know if you all need any help or questions, remember, I am here for you.
