Requests for Assistance by ADDC Board of Directors or ADDC Committees											
<p>The grant request form is outdated and will be replaced on the Foundation Website. I will submit to ADO as well.</p> <p>Regional Directors, please note that \$300 in assistance for regional meetings has been approved by the Foundation board. Please make the individual(s) chairing the general arrangements committee for the meetings aware of this increase. If any region needs assistance with a certification program’s expense please send in the request.</p> <p>The majority of donations to the Fund are made by ADDC members and/or clubs so the board wants to make sure we are there to assist with their projects.</p>
